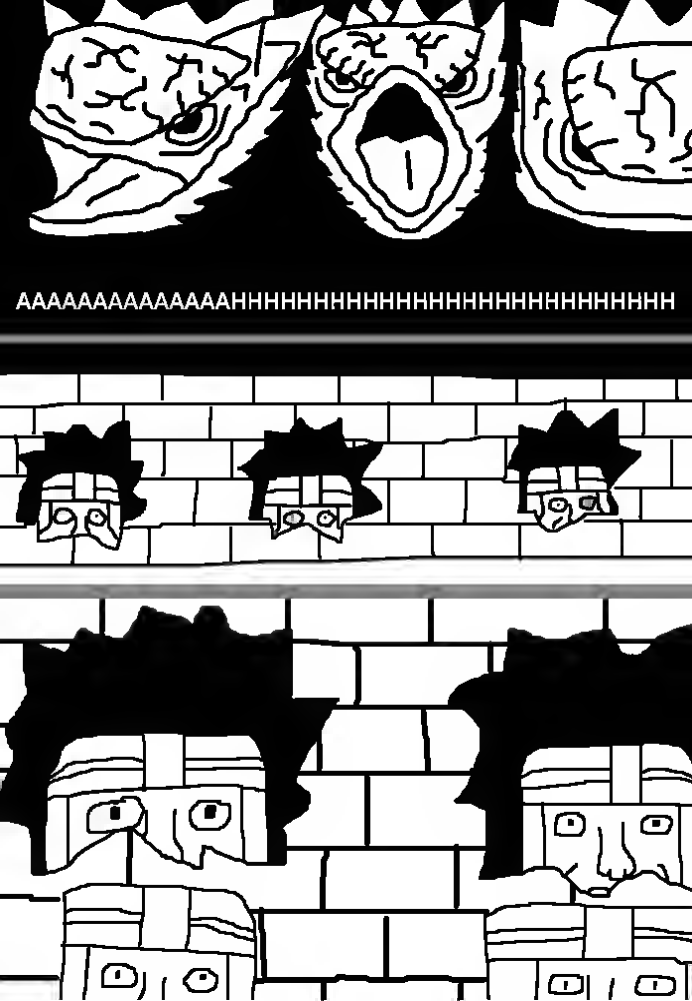
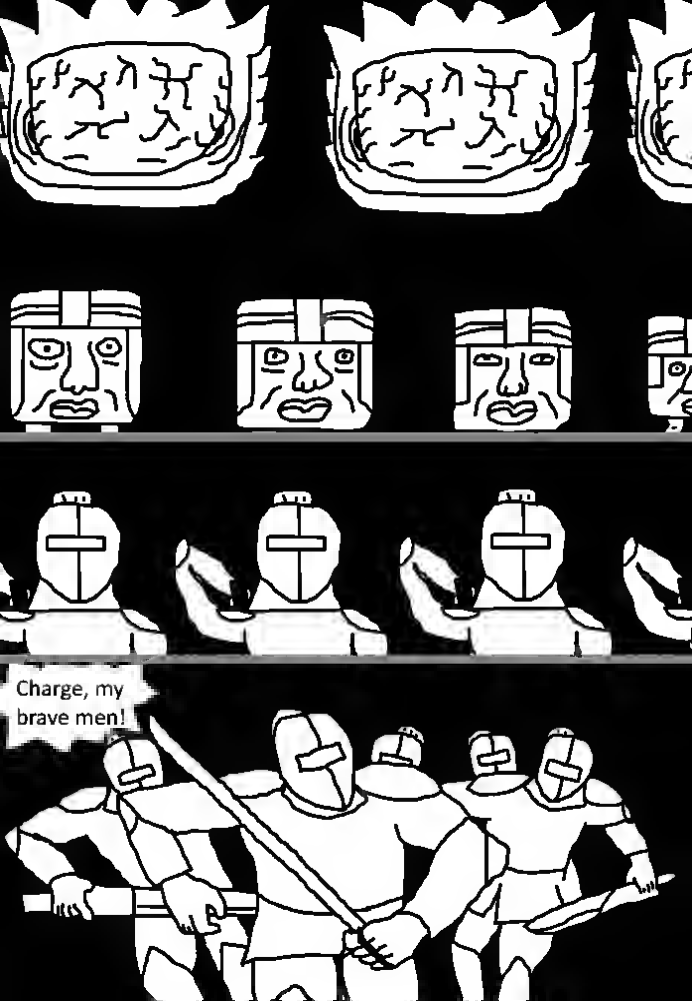
Please keep calm in this shelter you're safe from anything
You may feel a few tremors, but there is nothing to fear
It's a miracle that we have gotten here in time, is almost full
Yup, but I think that not all of our classmates are here
We should look for whom else is here
I'm here
but they don't recognize me

AHHHHHH
HHHHHHH
HHHHHHH
RUN!!!

BOOM!!!
What was that?
The towers have cannons
This is our only chance!!! We need to run, right?



AAAAAAAAAAAAAAHHHHHHHHHHHHHHHHHHHHHHHHHHHH



Charge, my brave men!

SLASH
SLASH
Prepare
Aim
Fire!!!
BOOM!
SLASH!!!
SLASH
SLASH

SLASH!!!
AAAAAAAAHHHHHHHHH
ARGH!!!
SLAM!!!
Ugh
Don't fear my brave men
Our duty is protect the kingdom
from anything
And we're gonna do it!!!
Aim for the blind spot on its left!!!
We can kill them!!!

There are no soldiers close... i can't carry all of my mates... is this the end?
A lizard...
sonota no option
wa arimasen
...
He killed it
This... is not the prey I'm looking for

We're safe here
Yes, is enough high
Hey did you hear something strange
No Why?
I don't hear it, too but something happened
The other tower... was broken

Really...We're fucked

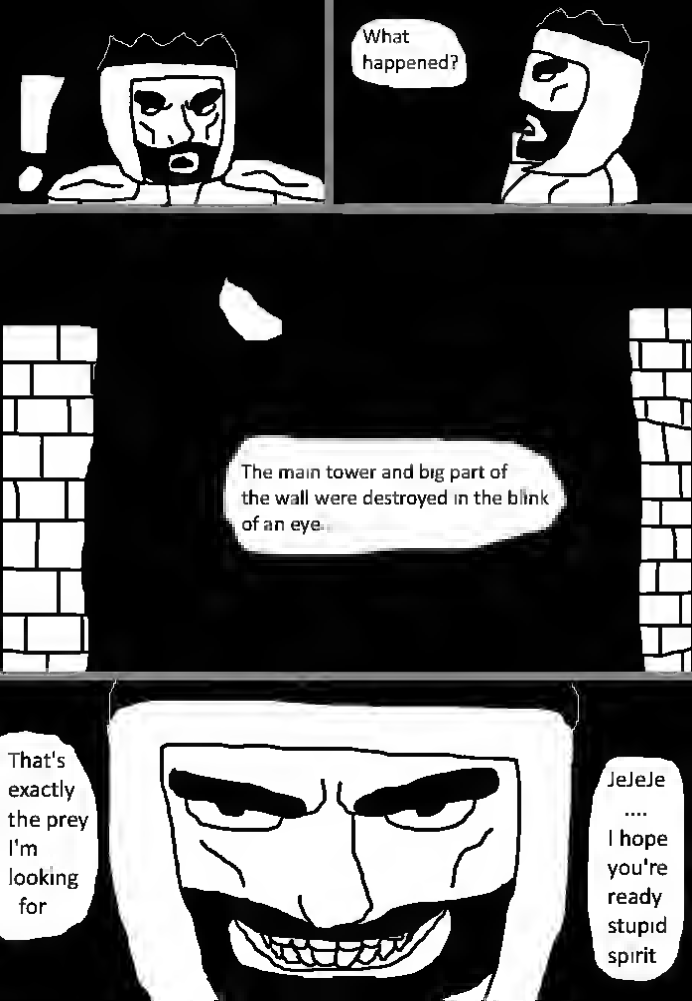
This book is amazing...
This world...Here is everything...
I can't believe it...This must be a dream...

I can't believe it
We have spent many hours here and I couldn't find anything
It's 1996 and these people don't have a better way to save information?
Or at least a language more understandable
Stupid Jayson, I knew he speaks 7 languages but never thought one would be this crap

tepuzmecatl
maca
nemiliztli

Huh?
These are the chains that we have
This book talks about them!
Finally I found something important!
But... I don't understand what says here...

Guess no option...
I'll have to ask Jayson for help
mmm... He has so many books
maybe is night already...
I want to return home...
I wonder if my family is searching me?



!
What happened?
The main tower and big part of the wall were destroyed in the blink of an eye.
That's exactly the prey I'm looking for
JeJeJe .... I hope you're ready stupid spirit

OF COURSE I AM
HAHAHAHAHAHA
